

# State of New Mexico Department of Development

September 14, 1977

Dear Mr. Gross:

We here at the tourist division have compiled no list of slaughterhouses or poultry ranches throughout the state.

We suggest you contact the Market Administrator's Office, United States Department of Agriculture, 2607A Wyoming Boulevard NE, Albuquerque NM 87112. The people there should be able to help you or provide you the proper referral.

Enclosed as a further convenience is a flyer containing all our chambers of commerce and an accompanying weather profile.

Thank you for your interest in New Mexico. I am

Yours sincerely,

A handwritten signature in cursive script that reads "Mike".

Dear Mr. Gross:

Montana Slaughter Establishments

In response to your inquiry of August 17, 1977 received on September 8, 1977, we are enclosing a list of the licensed slaughter establishments of this state. We do not have a list of the "places that raise chickens" in Montana as there are no broiler premises in this state to our knowledge.

Yours truly,

  
GLENN C. HALVER, D.V.M.  
Administrator & State Veterinarian

GCH/jg

Encl.

Dear Mr. Gross:

We are in receipt of your letter of August 17, 1977. I contacted the Division of Animal Health within the Massachusetts Department of Food and Agriculture and today received a list of slaughterhouses in Massachusetts. The list is enclosed. I also contacted the Poultry Division of the Massachusetts Department of Food and Agriculture and was told that they would send to you under separate cover a list of places that raise chickens. If the Division does not do so, please contact this agency at 100 Cambridge Street, Boston, Ma. 02202.

We are glad to be of assistance.

Sincerely,

Sylvia Apfelbaum
