Mr. E. Zykorie
Chief Pharmacist
Freeda Pharmaceuticals
110 East 41st Street
New York, New York 10017

Dear Mr. Zykorie:

In answer to your letter of August 10, 1967, let me state simply that both Mellaril and Fiorinal tablets contain corn starch. The capsule and concentrate formulations and combinations available under these 2 product names contain no material of cereal grain origin.

Sincerely yours,

S. John Ingram, M.D.
Director of Medical Services
